

Certificate of Conformance

Politie Oost Nederland
Anders Celsiusstraat 13
7442 LG Nijverdal
Netherlands

Preventive maintenance of the **Noise Patrol** type **3665** system ser. no. **23030530** has been completed in accordance with the scheduled program and established procedures. All components were inspected, cleaned, adjusted as needed, and verified to ensure optimal performance, reliability, and safety.

The system was subsequently tested and passed all production tests, meeting the manufacturer's specifications at the time of testing. Functional and performance checks confirmed compliance with all technical and quality requirements, including full conformity of the **OBD II RPM detection component** with the applicable OBD-II protocol specifications.

Final testing was carried out using calibrated equipment traceable to national and/or international standards. All instruments were within their valid calibration period.

No deviations or non-conformities were found, and the system is operating within specified limits and approved for continued use.

Date of certificate
12.03.2026

Franc Celestina

Recommended next test: **March 2027**

Please note that this document is not a calibration certificate.
